SPECIFICATION

- Each light includes 1 x CR2032 button cell battery.
- The life of a battery is about 100 hours (continuous)

BEFORE FIRST TIME USE

Remove the insulation tab before the first use.

OPERATION & CHANGING BATTERY

When the light in the flame becomes weaker or stops shining altogether, the battery is depleted.
Follow the steps below to replace the depleted battery with a new fully charged battery:

1. Remove the battery compartment cover at the bottom of the candle.
2. Insert a new fully charged battery.(Observe the correct polarities(+/-))
3. Replace the battery compartment cover.
4. Turn the switch under each candle to the ON position to activate light.
5. Turn the switch under each candle to the OFF position to deactivate light.

Note:Remote control requires 1pc CR2025 button cell battery(included)

BATTERY CAUTION:

- To avoid explosion or leak, do not dispose of the product and battery in fire.
- When the item is not in use for a long period of time,remove the battery and store in a cool/dry place to avoid leakage.
