

Pedicure Stand with Light

Model No. EL3283

Please read carefully before use and keep for future reference

It's easy...open the Pedicure Stand with Light and pull the footpad up and forward until it is in an upright position.

Three ways to use your Pedicure Stand with Light.

Choose the position most comfortable for your body type and flexibility level.

1. Insert between a mattress

2. Insert the Pedicure Stand with Light under a cushion on a couch or chair.

3. Open the Pedicure Stand with Light and place on a chair or any other hard surface. Important... Make sure the hinge is at least 3" behind the edge of the chair.

Place a folded towel over the back portion of the Pedicure Stand with Light and sit on the towel to hold the Pedicure Stand with Light secure.

Try all three methods to see which one works best for you.

Battery Installation:

Remove battery pack from Pedicure Stand with Light. It is held in by clips under the footpad. Remove battery door and install three AA batteries (not included) per pictures inside the battery cavity. Close door and clip back into the underside of footpad. USB port should be visible through the top front of the footpad.

Plug your task light into battery pack for extra illumination.

TECHNICAL SPECIFICATION

Measurement: L29.5xW21xD4cm
