

BIOPOSTURE

BACK CORRECTOR

WITH BIOFEEDBAC™ TECHNOLOGY

Fast relief from back muscle pain

- +** Relieves back, neck & shoulder pain
- +** Supports & improves posture
- +** Reduces muscular tension

World beating technology

The only spinal correction system **designed and endorsed** by **World Leading Biomechanics expert** Prof. Malcolm Pope
Dr.Med.Sc., Ph.D., D.Sc., C.Eng., Eur Ing., Eur Erg.

BIOPOSTURE

BACK CORRECTOR

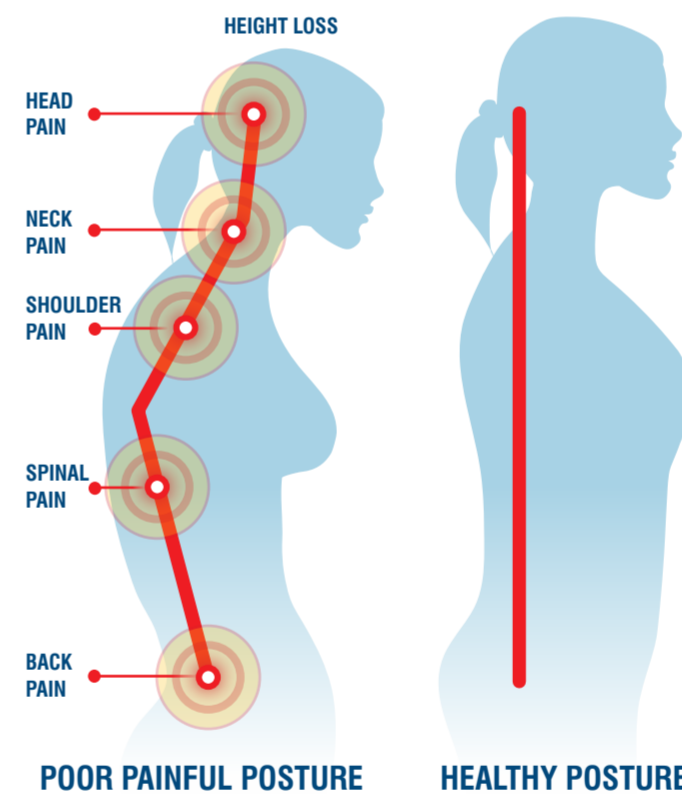

WITH BIOFEEDBAC™ TECHNOLOGY

Fast relief from back muscle pain

Biofeedback™ takes the latest health innovation techniques in sports science drug-free medicine and applies them to the home environment.

- Proven FAST pain relief
- Clinically tested
- Prevents muscle damage
- Improves & supports posture
- Reduces muscle tension
- Lightweight & comfortable
- DRUG FREE & no electronics
- SAFE with pacemakers
- Developed by a spinal expert
- Wear discreetly under clothing

INSTANT RELIEF FROM POOR POSTURE PAIN

BIOFEEDBAC
PATENTED PERFORMANCE ENHANCEMENT TECHNOLOGY

ELIMINATES BACK PAIN STRAIGHT AWAY!

SHOULDERS

Comfortable shoulder pressure eases and strengthens drooping shoulders, bringing them back into alignment.

QUALITY BUILD

Well-constructed and comfortable under or over clothes

FIRM SUPPORT

Back panel adjustable neoprene and velcro padding, keeps the lower back aligned and strong and can fit any waistline. An extender belt is also available.

NECK

The neck is free to move and benefits from the strength-building technology which aligns the spine and muscles surrounding it.

COMFORTABLE FIT

Fully adjustable straps for all body types.

SPINE

Back panel comfortably eases the spine straight.

LOWER BACK

Firm, comfortable pressure is applied to the lower back, whilst Biofeedback technology works with the body's own proprioceptive system to re-educate the muscles around the spine.

Clinically Proven

A UK leader in spinal technology, Prof. Pope is in the top 53 of the World's most influential scientists.

"I wanted to see an end to back pain. I worked to develop the world's first Biofeedback™ spinal health system, which utilises the body's own automated awareness and re-educates muscles to perform at their best."

Prof. Malcolm POPE Dr.Med.Sc., Ph.D., D.Sc., C.Eng., Eur Ing., Eur Erg.

How to wear a Bioposture Back Corrector

BIOPOSTURE™ is the comfortable, compact and lightweight back corrector that can be worn neatly and discreetly under or over clothing.

Easy to put on and take off with adjustable velcro straps. Fits all sizes from waists 22" to 55".

HOW TO FIT

Remove your upper clothing, or wear something light, so that your lower back and front is clear of bulky clothing. You do not need to remove your lower body clothing.

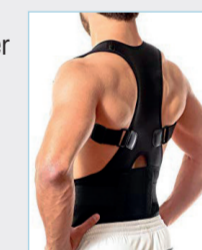

1 Put your arms through the arm straps and adjust each strap so that the waist band is in the correct position.

2 Place the Bioposture Back Corrector to your lower back, making sure that the side with green pads faces your skin. Position the belt so that the protective centre panel is placed against your lower spine.

3 Close the belt around your waist. Ensure it is a snug fit, but not so tight as to be uncomfortable. The belt should be just above the belt line.

WARNING: Ensure the belt and shoulder straps are not too tight as this could cause bruising or soreness to skin.

POSITION: Correctly fitted belt and strap positions are shown in the image to the right.
