Frost Free

Once, defrosting a refrigerator and freezer was a messy time-consuming chore requiring hours of chipping away frost and ice. Now a simple spritz of this magical defrosting mist does the job instantly – and perfectly. Just spray into refrigerator or freezer, and watch ice melt away.

DIRECTIONS FOR USE:

To avoid risk to man and the environment comply with the directions for use:

- Ensure the appliance is switched off, unplugged from the mains and empty
- Simply spray directly onto frosted or frozen surfaces
- Leave to dwell for a few minutes. This should ideally make the area easy to clear. Apply more if required
- Wash the area thoroughly with warm soapy water after defrosting

Note: Always ensure appliance is empty.

Do not let spray come in to contact with food or edible items

SAFETY INSTRUCTIONS:

Flammable. Keep container tightly closed. Keep away from sources of ignition - No smoking. Avoid contact with skin and eyes. In the event of eye contact, wash out with plenty of fresh cold water. Do not use for medical or hygiene purposes and keep this product away from children and animals. Do not mix this product with other preparations. Not to be taken internally. Wear suitable clothing, gloves and eye/face protection. Before using any chemical always try on a small, inconspicuous test area and only proceed when satisfied.
