

LED TORCH

INSTRUCTION MANUAL

Model No. EL6969

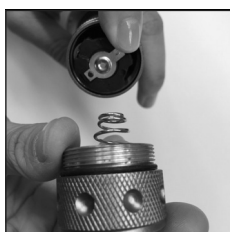

Please read carefully before use and keep for future reference

BEFORE USE

- Unscrew the base cap from the torch body in an anti-clockwise direction
- Slide out the battery compartment and insert 3xAAA batteries (not included) firmly in place.
- Ensuring that these are inserted with their polarities in the right direction. The polarities are indicated at either end of the battery casing.

- Insert the battery holder back into body of the torch with the arrows on the casing facing down.

- Screw on the cap clockwise
- Now the torch is ready to use

DISPOSAL

- Please respect the environment!
- Dispose of the packaging according to the local recycling regulations
- Dispose of the appliance at the end of its life span according to environmental considerations

IMPORTANT SAFETY INSTRUCTIONS

- Switch the torch off before inserting batteries.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries. All batteries should be identical.
- To avoid explosion or leakage do not dispose of batteries in fire or attempt to recharge a standard or alkaline battery.
- Be sure to insert batteries with the correct polarities and always follow the batteries manufacturer's instructions.
- Remove batteries and store them in a cool and dry place when not in use, or if the torch is not used for long periods.
- Always remove old and dead batteries from the product.
- The supply terminals are not to be short circuited.

WARNING

This product is intended for domestic use only.
